4. [FAQ & Help](#)

How to Use

Follow the direction on the box for mixing with Roundup® concentrates.

Benefits

Patented foaming-spray nozzle lets you see treated weeds and it reduces drift potential. Three nozzles in all: foaming, flat fan and adjustable from straight stream to fine mist for broad use. Box features full-color graphic chart of weed problems and solutions, together with complete instructions and nozzle recommendations for easy, accurate use. Use for all your yard and garden projects. Economical!! Only pennies per spray.

Container Type

Bottle with Sprayer
